

## Internship Programme

---

### Internship Programme

The Internship Programme is an excellent opportunity to gain a work experience in a dynamic and international environment and to fulfill your potential starting from the early stage of your career.

We are looking for the best talents to join us collaborating at two different main projects:

#### **Data Scientist Journey**

- work closely with Business to identify needs and gather requirements
- merge, manage, interrogate and extract data to provide potential analysis to support Business in abstracting value from data
- use data analytics tools and statistical techniques to provide solutions to Business requirements
- create reports and analysis that tell compelling stories about how to satisfy customers' needs and/or how to manage future business trends

#### **Robots for Finance**

- support Business in identifying the proper use cases to be automated through RPA solutions
- design process workflows and manage development and testing of RPA solutions
- establish a reusable library of process automation functions to be leveraged for further initiatives;
- share experience and knowledge across the organization, with the aim to leverage the RPA development

Workplace: Milan

#### What you will need to be successful?

- You are a Master Degree student or newly graduated in Computer Engineering, Maths, Physics, Computer Science, Engineering
- You have a good English knowledge
- You have a strong passion for the Technology world
- You are highly motivated to set up the basis of your career

---

### Diversity & Inclusion

People are at the heart of what we do and drive the success of our business. Our colleagues thrive personally and professionally through our shared values of Integrity, Partnership, Innovation and Excellence are at the core of our culture. We embrace diversity and actively seek to attract people with unique backgrounds and perspectives. We are always looking at ways to become more agile so we meet the needs of our teams and customers. We believe that

an inclusive collaborative workplace is pivotal to our success and supports the potential and growth of all colleagues at LSEG.

## About Us

London Stock Exchange Group (LSE.L) is a diversified international market infrastructure and capital markets business sitting at the heart of the world's financial community. The Group can trace its history back to 1698.

The Group operates a broad range of international equity, bond and derivatives markets, including London Stock Exchange; Borsa Italiana; MTS, Europe's leading fixed income market; and Turquoise, a pan-European equities MTF. It is also home to one of the world's leading growth markets for SMEs, AIM. Through its platforms, the Group offers international business and investors unrivalled access to Europe's capital markets.

Post trade and risk management services are a significant part of the Group's business operations. In addition to majority ownership of multi-asset global CCP operator, LCH Group, LSEG operates CC&G, the Italian clearing house; Monte Titoli, the T2S-ready European settlement business; and globeSettle, the Group's newly established CSD based in Luxembourg.

The Group is a global leader in indexing and analytic solutions. FTSE Russell offers thousands of indexes that measure and benchmark markets around the world. The Group also provides customers with an extensive range of real time and reference data products, including SEDOL, UnaVista, and RNS.

London Stock Exchange Group is a leading developer of high performance trading platforms and capital markets software for customers around the world. In addition to the Group's own markets, over 35 other organisations and exchanges use the Group's MillenniumIT trading, surveillance and post trade technology.

Headquartered in London, with significant operations in North America, Italy, France and Sri Lanka, the Group employs approximately 4,700 people.

## Values & Behaviours

**Integrity:** My word is my bond. Integrity underpins all that we do – from unshakable commitment to building and supporting global markets based on transparency and trust, to every transaction across our business with each and every stakeholder. We are a source of enduring confidence in the financial system, so when we say that our work is our bond – we mean it.

**Partnership:** We collaborate to succeed. We pride ourselves on working together as proactive partners, building positive relationships with our colleagues, customers, investors, regulators, governments and shareholders – for our mutual success and the benefit of all.

**Innovation:** We nurture new ideas. We are ambitious and forward-looking – a pioneering Group of market innovators, driven by fresh thinking that has kept us ahead of change. We prudently and proactively invest to make sure that our markets and services constantly move forward, developing and evolving with advances in technology.

**Excellence:** We are committed to quality. We have a fundamental commitment to developing talented teams who deliver to the highest standards in all that we do. By collaborating together, we will sustain industry-leading levels of excellence, setting the benchmarks that inspire ever better performance.
